Bug Report Example

Name/Description: Invite Someone - Empty card created when submitting with no name

Location: Invite Someone

Screenshots/Videos: <include screenshot here>

Steps to Reproduce:

1. Open RSVP app
2. Without typing in a name, click Submit button.

Expected Result: Error should appear letting the user know that they need to enter a name before submitting.

Actual Result: A card is added to the Invitees list with no name.

Data Set: Default

User: N/A

Workaround: Edit the card and include name.
